

ADOPTION UNDERWRITING OPPORTUNITIES

Adoption underwriting opportunities through Kansas Humane Society help place homeless pets with loving families and allow KHS to direct more resources to helping animals in need. When you partner with KHS through adoption underwriting, you help others within our community while building a strong reputation and earning potential new customers.

Providing the services and care needed to make pets available for adoption can cost anywhere from \$300 to \$500, or more. KHS strives to keep adoption fees low and they typically only cover half of the cost incurred to place an animal in a loving home. We need your help to care for and find homes for more animals each year. Before adoption, each animal receives a medical evaluation, spay/neuter surgery, vaccinations and more.

Some animals need extra care, like Sterling. When Sterling came to KHS, he had an injury that required the amputation of his right front leg. Due to the care and medical attention he received at KHS, Sterling found his forever home and is living the life he deserves.

PAW-SOME BENEFITS

- ▶ Promotion to more than **40,000** Facebook, Twitter and other social media followers.
- ▶ Your corporate branding on our highway LED sign, reaching **60,000** drivers daily.
- ▶ Logo on KHS website, averaging **74,000** visitors a month.
- ▶ Recognition in news releases distributed to various **media outlets**.

Anyone can assist with adoption underwriting and make a difference for thousands of animals each year. When you sponsor an adoption event, your generosity helps KHS keep adoption fees low while providing the care and attention each animal desperately needs. Contact **Haleigh Orand** at horand@kshumane.org or **316-220-8707** to get started today.
